

30 Second PSA:

Sick of violence & crime in Chicago? Tutor/Mentor Connection connects at-risk youth with local non-school tutor/mentor programs. Such programs provide safe places where caring adult volunteers help these students gain the academic and decision-making edge that just might be the difference in a few years, when that child is deciding between a book and a gun. Join the Tutor/Mentor Jam Benefit August 29th at Darkroom for music, comedy, & free food from ManBQue. You can help us reach at-risk youth NOW so you don't have to worry about them later. Tickets & info at www.tutormentorjam.org.
